

#RELYONHENRYSCHEIN

“ One very busy morning, with a full calendar of visits scheduled, both of our digital X-ray machines failed. Without those machines our practice would have ground to a halt — not only that day but for weeks. We immediately called our Henry Schein service technician who rearranged his schedule to race to our practice and developed a temporary solution that kept us in business until our new machines arrived. He literally saved the day, and that’s why we rely on Henry Schein. ”
