

Web Tutorial: Applying a Promo Code

1

Applying a Promo Code

- Promotional pricing can be seen by applying promo codes from **sales flyers, postcards, faxes, banner ads and e-blasts**
- Promo codes from **banner ads and e-blasts** are automatically applied
- There are two ways to add Promo Codes on the **My Order** page:
 1. Add the promo code to the end of your item code before clicking **Checkout**
 2. Enter all item codes to your cart, and then enter your promo code into the **Promotion Code** field and click **Apply**

Applying Additional Promo Codes

- Promo codes are often automatically applied to an entire order. To change promo codes for specific promo codes in your order:
 1. Click **Apply** the promo code on the line level next to the item number
 2. This will become a text field—type in the appropriate promo code and click **Apply**
